Having an in-house Ultimaker printer allows the team to communicate about design directions with clients in parallel with solving electronics and engineering challenges.

From the earliest concept models to the printed parts included in the final product delivery, the 3D printers have proved to be useful in roles beyond the scope of a "rapid prototyping" tool.

	Traditional model making	Machining/CNC	External suppliers	Ultimaker 3D printers
Iterations per project				
Costs <i>(including materials, initial outlay)</i>	o	o	o	o
Delivery time	oT	EBTUT	oEBT	oIST

About 3D GB IRE

3DGBIRE is a leading provider of 3D printing services in Ireland. We offer a wide range of services, including design, prototyping, and production. Our state-of-the-art facilities and experienced team ensure that we can meet your specific requirements and deliver high-quality results on time and within budget.

For more information, please contact us at enquiries@3dgbire.com
